The silver Question.

In the last Democratic caucus is which the silver question was discussed, speaker Crisp announced he, as one of the members of the Committee on Rules, would vote for no cloture resolution unless requested to do so by a majority of the Democratic members. That decision he has retirented privately, and to-day a petition acking for the report of such i resolution has been in circulation, but already thirty-five known silver men have declined to alike their signatures to it an identity men are jubilant. Mr. Blant admitted that the report that the bill had one, with another set back and one which practically ment its death without a final vote, was well founded, but said the matter was not absolutely sented.

W 3 MUST PREPARE FOR OUR SPRING OPENING.

A Great many of the goods now upon our floors must make room for new stock. We are, therefore, obliged to make such sweeping reduction in the prices of these goods as to close them out at once In looking over things, we have come across a number of odd pieces of furniture, odd chairs rockers, an odd chamber suit here and there and many odd patterns of carpets which cannot be duplicated. They are staple goods and fully equal to any in the market, and very likely will just suit you If so, they are yours AT COST

Perhaps you had decided to buy a new range in the fall

we advise you to buy it now for two reasons FIRST:-You can buy it cheaper now.

SECOND: -- You will get the use of it all summer.

Ranges are very bulky and costly things to handle Rather than move and store them during the summer months, we have made a sweeping reduction on the prices of our famous ranges of from \$5 to \$8 each. Such an opportunity to secure a HIGH GRADE range at LOW COST will not occur again very soon. It would be well for you to watch the papers for a number

of special bargains which we shall mention shortly.
